

# New Hospital Construction To Get Underway This Fall

## Revisions Spring Building Program

Construction of the new hospital at Grayling Mercy Hospital is getting underway late this fall, stated Gordon Cornwell, general contractor at a meeting of the Hospital Planning Committee Monday evening at the hospital.

Mr. Cornwell said that all working drawings for the new structure would be completed by late September. About 100,000 dollars will be required for the building of the new hospital and the substructure can be started. It would appear that the steel work can be started during the winter with the necessary work to get under way in the early spring.

The new hospital plans at first had a beginning of construction in the spring but it was soon apparent that the schedule would have to be delayed until the middle of the summer. Late additions to the plans have brought the further delay until the middle of the summer.

The architect started with five basic overall plans. These were boiled down to two separate plans and then the best features of both were moulded into a final master building plan. At this stage, the Michigan Office of Hospital Finance and Construction said that after further surveys they would participate in a 40 bed hospital for Grayling rather than the original 30 bed setup as at first contemplated. This naturally forced a re-appraisal of the final plan.

# Klein-Ugo Vows Spoken Saturday

Miss Barbara Gene Klein, daughter of Mr. and Mrs. Robert W. Klein of Grayling and Fletcher, became the bride of John Walter Ugo, son of Mr. and Mrs. John E. Ugo, Detroit, Saturday, July 16th at 2 p. m. in the Michigan Memorial Church, Grayling.

The Rev. R. C. Puffer officiated at the double ring ceremony before 75 guests. Mrs. Dale Rich of Lafayette, Indiana, an aunt of the bride presided at the organ. W. Richard Klein, brother of the bride, sang "Oh Promise Me" and "The Lord's Prayer."

The altar was decorated with urns of green bracken, candelabra and bouquets of white gladioli, magisterial daisies and white lilies.

The bride, who was given in marriage by her father, chose a floor length white gown, having a fitted chantilly lace tiered bodice with white seed pearls and opalescent sequins accentuating the scalloped neckline. The long sleeves tapered to the wrist. The bouffant skirt of nylon tulle over satin had lace inserts extending upward from the hemline. Her fingertip length veil of French illusion was held in place by a tulle cap of lace trimmed with seed pearls and opalescent sequins. She carried a colored ribbon white orchid over a white ribbon which fell in a streamer. Her train was white feathered.

Maids of honor were Miss Carol Leaman of Detroit, a classmate of the bride's in Harper Hospital School of Nursing, who wore a mint green crystal and white gown with a stole and a matching hat of mint green crystal and white lace. She carried a Colonial bouquet of white carnations and pink tea roses.

Miss Janet Johnston, also a classmate and roommate of the bride, and Carolyn Klein, sister of the bride, were bridesmaids and junior bridesmaids. Both wore Nile green dresses with white and yellow carnations. Mrs. Ugo chose a dress of pink nylon with satin trimmings and wore white and pink accessories. Her corsage was also white and pink.

Camp Lehman, in their second win of the week, had little trouble in stopping Frederic 16-5, in a game that was halted at the end of five innings because of darkness. Ben Griffin, Lehman mound ace, allowed only four hits, pitching the entire route. Roman "Scooter" Walker, speedy Jet third sacker, had a home run and a single.

The Black and White got back to their winning ways as they stopped Maple Forest by a score of 6-1. "Beans" Schofield scattered six Maple Forest hits as he went for his fifth win of the season. Bob Gidner with two hits led the Black and White assault. Don Dobson was thwarted in his bid for the home run leadership, as Ron Larson pulled down his long drive in deep center field for one of the best defensive plays of the season.

Word has been received of the marriage of Thomas Walsh Manion, Jr., son of Mr. and Mrs. Thomas Manion, Sr., of Alma, former residents of Grayling, and Shirley Ann Strudwick, daughter of Mrs. Jack Pivovox of Milan, Michigan. The wedding took place July 9th in Milan.

# JACK PINE'S STUMP

Today I guess I am not particularly mad at anyone or anything... and that should be a refreshing change! This change of mood comes from the fact that I am exceptionally happy that the construction of the new hospital is getting underway late this fall.

The State office is constantly checking the pledge account of the hospital and at last evaluation, pledges yet to be paid were estimated to total about \$50,000. This plus the fact that all changes made in the extremely complex plans of such a structure must first be approved by the local committee, the Sisters of Mercy and the State office.

This "red tape" is a very necessary procedure to insure this area of really fine, well equipped and planned hospital, none the less it does slow down the first optimistic plans for an early start on construction.

Mr. Cornwell will meet in 3 or 4 weeks with the doctors on the hospital staff, nurses and Sisters to go into various equipment for the hospital which also must be let out for bids. The architect has promised to have a sketch ready for publication next week of the appearance of the new Grayling Mercy Hospital enlarged to a 40 bed capacity with the needed changes.

The management of the Speedway is now in the hands of Bartel Bess, Ron VanVleet and Jim House all of Frederic, it was announced by Henry Doyon, manager of the track until its opening.

# KIWANIS SEEKS BLOOD FOR STRICKEN CHILD

The Kiwanis Club of Grayling through a committee of Bill Joseph, Don Gother and Fred Welsh Jr., are seeking donors of blood for Pamela Hunter, daughter of club president Leslie Hunter.

Type O, positive blood is needed and the stricken child needs a transfusion. Any person having this type blood and willing to donate a half pint to the ill little girl, are asked to contact any of the three committee members.

Had another nice note the other day from a lady who apparently likes me very much. However, I am a bit confused. It seems she has a pet peeve about crowing roosters on Lake Street. What confuses me is, are the crowing roosters the kind or the husband kind? She wants me to go over on Lake Street early some morning and listen well. For heaven's sake, HOW early??? If I were you, and the roosters are the kind you want, I would take up rooster rustling! In the meantime, I think you should contact Russ Carlson, and I will darn well guarantee you that if any zoning ordinances are being violated here will do something about it... and right now! Russ is that kind of a guy.

# Kiwanis Club Notes

Art Clough, chairman of the club's education and fellowship committee was in charge of the program at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn.

He gave a humorous reading with the title of "Later Than You Think" which was much enjoyed by the club. He added President Les Hunter in planning committees of the club.

# Extend Recreation Area Fund Drive Two Weeks

## Plan Second Forest Trip

The second annual forest management field trip will be held this Saturday starting at 8:30 a. m. The first of such trips was held last year and was enthusiastically received by all who attended.

Through the co-operation of the forestry division of the Conservation Department and local forest land owners, a tour was conducted through various types of growth with discussion sessions held on each.

This year's trip will include repeat visits to some of last year's stops to observe and discuss the apparent changes. A pulpwood area where chemical debarking is being used will also be visited. Commercial timber sales demonstrating thinning and release of young pine, natural reproduction following cutting and areas recently reforested will all come in for discussion after visits to such areas.

The trip will be broken at noon with luncheon at the Ausable River Inn at which John Bruun of Grayling will be host.

## YOUNG BOY SAVED FROM RIVER FALL

A young boy, about 12 years old, visiting in Grayling was saved from a watery death just before noon Monday when Al Ridley, owner of Ridley's Motel pulled him from the river.

The young lad who escaped before his name was determined, had been fishing from the foot bridge in the City Park and in some manner fell into the water. He was sinking for the second time when Ridley who happened to be near the scene, jumped into the river and pulled the youth to safety.

Ridley said, "It frightened me to see the young boy going down so I jumped in clothes and all. The water ruined all of my credentials."

# Another New Store Planned

Another new store building will be erected on Grayling's Michigan Avenue in the very near future, it was revealed by Emil Kraus Jr., who has purchased from Farnham and Matson, the building which formerly housed the Burns Hardware store.

The purchase was closed just a short time ago and the new owner has had the old building torn down by Jack Millikin and is now planning the construction of a new store building. Mr. Kraus stated that his Grayling 5c to \$1.00 store would be moved into the new building by next summer at the very latest and expects a different type business to be installed in the present dime store building.

Mr. Kraus is planning on constructing a one story structure with a full basement and which will be set off from a distinctive front of a modern design.

## State Political Parties Maneuver With Eye On 1956 Presidential Election

Hot weather politics in Michigan has both parties maneuvering for 1956 months before they go to the voters.

Presidential year traditions hover over the scene as Republicans and Democrats point for another election of top state officers.

Republicans rallied under a "unity banner" behind Clifford O'Sullivan, a Port Huron attorney when they chose as national committeeman to replace David W. Kendall, of Jackson.

Party leaders see in the O'Sullivan election a symbol of harmony they hope will carry over into the campaigns for governor, and the others. They want to avoid the wrangles of other years.

Republicans here admit their most outstanding political characteristic is intramural fighting. Candidates for governor in recent history have all survived bitter party-splitting primary battles.

Formerly they have split into factions, with influential groups following both successful and defeated primary hopefuls — fragmenting the vote.

"We must unite to defeat a very formidable opponent, the opposition party," said O'Sullivan. Republicans hope O'Sullivan and his views are the first step in reversing the tradition.

To pick O'Sullivan, the party passed over such names as John B. Martin, Jr., former auditor-general and campaign manager for the spring campaign; Owen J. Cleary, former state chairman and ex-secretary of state; and Berry Beaman, of Parma, former finance chairman.

Postmaster General Arthur E. Summerfield, a power in Michigan politics still, was credited with negotiating harmony.

He conferred with the candidates, told of the problems. Whether these talks were responsible was unannounced. But the others withdrew and O'Sullivan got the job.

Democrats, confident and well-organized, are whipping things into shape for next year, too.

Chairman Neil J. Staehler is concentrating on local party organizations, building power where the voters reside, and trying a technique that Republicans have long ignored.

Democrats have Detroit sewed up with a heavy labor vote. Republicans know this and have made only passing attempts to convert the voters who work in the factories.

Tradition has it that Republicans control the outside vote — the farmers, small cities and villages.

Staehler started in 1953 to round up an organization in the rural areas. Local Democrats, who could hold their own, conventions in a telephone booth, suddenly needed to hire a hall.

### Golf Club News

Poor tables of bridge and one of canasta were in play last Wednesday afternoon at the Golf Club following the regular Auxiliary luncheon. Mrs. Charles Piper held high score at bridge and Mrs. Esbern Olson low. Mrs. Helen Gilbert of Miami, Florida, won the canasta prize. Mrs. B. Elmore Henig had low score with handicap at golf. Mrs. Charles Piper won the blind bogey the previous Wednesday.

It was Mrs. Grover Cason not Cox who served on the luncheon committee July 6th. Sorry Marie. Those working on the July 20th committee were Mrs. Henig, Mrs. Tex Rickard and Mrs. Ernest Hoesli.

The next luncheon will be on August 3rd at the usual time, 12 o'clock.

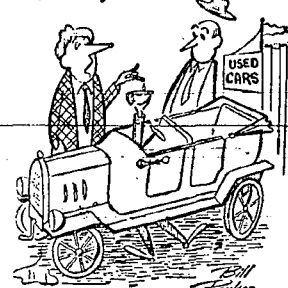

An invitation has been extended to the wives of the Michigan National Guard officers to be guests of the club auxiliary on Wednesday, August 10th.

### GRANGE NOTES

"Detroit always has been strongly Democratic, but we feel that the outside vote was a vital point for us in 1954," he said.

Both parties are wondering what Gov. Williams will do.

Up to now he has been silent, but Democrats already are grooming heirs-apparent for the governorship. Lt. Gov. Philip A. Hart has been allowed to sign important bills and make speeches.

In other years, Williams was the big man in the party. Now with a full slate in top state offices, the party has a sprinkling of candidates for any post — all of them pretty well-known.

Williams has issued no inkling that he will or will not go for the presidential nomination in the 1956 Democratic convention.

He has made speeches all over the nation. He has taken on the sound of a national candidate on international and domestic issues. On the other hand, he has traveled the state as in days of yore.

acting like a nominee for re-election.

The governor has given only one sign of impatience at the situation. Williams, who has said that Adlai E. Stevenson should try again, last week said in Chicago that the 1952 candidate should make up his mind for the good of the party.

Senator Edward Hutchinson (R-Fennville) injected one note of humor in the seige of hot weather politics. Speaking of the legislature's relations with the governor, he led off:

"If Michigan ever has another governor..."

Chaplains Were Asked to help keep the peace in Michigan prisons.

They always have been a major part of the administration, but only within the prisons with the inmates. Now they are being asked to extend their horizons.

One of four Ionia State Refor-

matory rioters in June was a young tough, 19, who insisted he was ready for "graduation" to Jackson State Prison.

Digging into the records, it was found that the youth had been disowned by his family and he had not had a visitor in two years.

The new duty for chaplains: Forge links between inmates and the outside free world in an effort to give them hope.

## State Political Parties Maneuver With Eye On 1956 Presidential Election

Hot Weather Politics in Michigan has both parties maneuvering for 1956 months before they go to the voters.

Presidential year traditions hover over the scene as Republicans and Democrats point for another election of top state officers.

Republicans rallied under a "unity banner" behind Clifford O'Sullivan, a Port Huron attorney when they chose as national committee chairman to replace David W. Kendall, of Jackson.

Party leaders see in the O'Sullivan election a symbol of harmony they hope will carry over into the campaigns for governor and the others. They want to avoid the wrangles of other years.

Republicans here admit their most outstanding political characteristic is intramural fighting. Candidates for governor in recent history have survived bitter party-splitting primary battles.

Formerly they have split into factions, with influential groups following both successful and defeated primary hopefuls — fragmenting the vote.

"We must unite to defeat a very formidable opponent, the opposition party," said O'Sullivan.

Republicans hope O'Sullivan and his views are the first step in reversing the tradition.

To pick O'Sullivan, the party passed over such names as John B. Martin, Jr., former auditor-general and campaign manager for the spring campaign; Owen J. Cleary, former state chairman and ex-secretary of state; and Berry Beaman, of Parma, former finance chairman.

Postmaster General Arthur E. Summerfield, a power in Michigan politics still, was credited with negotiating harmony.

He conferred with the candidates, told of the problems. Whether these talks were responsible was unannounced. But the others withdrew and O'Sullivan got the job.

Democrats, confident and well-organized, are whipping things into shape for next year, too.

Chairman Neil J. Staebler is concentrating on local party organizations, building power where the voters reside and trying for a technique that Republicans have long ignored.

Democrats have Detroit sewed up with a heavy labor vote. Republicans know this and have made only passing attempts to convert the voters who work in the factories.

Tradition has it that Republicans control the outstate vote, the farmers, small cities and villages.

Staebler started in 1953 to round up an organization in the rural areas. Democrats, who could hold their county conventions in a telephone booth, suddenly needed to hire a hall.

Four tables of bridge and one of canasta were in play last Wednesday afternoon at the Golf Club following the regular Auxiliary luncheon. Mrs. Charles Piper held high score at bridge and Mrs. E. Bern Olson, low. Mrs. Helen Gilbert of Miami, Florida, won the canasta prize. Mrs. B. Elmore Henig had low score with handicap at golf. Mrs. Charles Piper won the blind bogey the previous Wednesday.

It was Mrs. Grover Cason not Cox who served on the luncheon committee July 6th. Sorry Marie. Those working on the July 20th committee were Mrs. Henig, Mrs. Tix Rickard and Mrs. Ernest Hoesli.

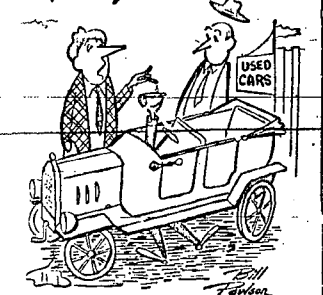

The next luncheon will be on August 3rd at the usual time, 12 o'clock.

An invitation has been extended to the wives of the Michigan National Guard officers to be guests of the club auxiliary on Wednesday, August 10th.

### GRANGE NOTES

"Detroit always has been strong Democratic, but we feel that the outstate vote was a vital point for us in 1954," he said.

Both parties are wondering what Gov. Williams will do. Up to now he has been silent, but Democrats already are grooming heirs-apparent for the governorship. Lt. Gov. Philip A. Hart has been allowed to sign important bills and make speeches.

In other years, Williams was the big man in the party. Now with a full slate in top state offices, the party has a sprinkling of candidates for any post — all of them pretty well-known.

Williams has issued no inkling that he will or will not go for the presidential nomination in the 1956 Democratic convention.

He has made speeches all over the nation. He has taken on the sound of a national candidate on international and domestic issues. On the other hand, he has traveled the state as in days of yore.

The governor has given only one sign of impatience at the situation. Williams, who has said that Adlai E. Stevenson should try again, last week said in Chicago that the 1952 candidate should make up his mind for the good of the party.

Senator Edward Hutchinson (R-Fennville) injected one note of humor in the seige of hot weather politics. Speaking of the legislature's relations with the governor, he led off:

"If Michigan ever has another governor..."

Chaplains Were Asked to help keep the peace in Michigan prisons. They always have been a major part of the administration, but only within the prisons with the inmates. Now they are being asked to extend their horizons.

One of four Ionia State Reformatory rioters in June was a young tough, 19, who insisted he was ready for "rehabilitation" to Jackson State Prison.

Digging into the records, it was found that the youth had been disowned by his family and he had not had a visitor in two years.

The new duty for chaplains: Forge links between inmates and the outside free world in an effort to give them hope.

### Crying Need

There is a definite need in Grayling and Crawford county for an Economic Development Council. Just now it should be formed, we don't know, but we do know that there should be one.

With the start of an area development council made here July 13th at a meeting attended by representatives from the entire northern part of the Lower Peninsula, Grayling and Crawford County should keep in step with the 28 county area by having their own committee which could forward information concerning Grayling and our county to the Michigan steering committee.

With the opening of the Straits Bridge and the waterway to the Great Lakes from the ocean, the economy of our part of Michigan should receive a tremendous impetus. We should be ready to meet the rising tide of this economy by laying the groundwork ahead of time.

The community that has such a committee will be in a much better position to take advantage of this rising economy and to pick and choose its method of doing so. Although the impact of the waterway will be felt mostly along the Lake Huron and Michigan sides of our part of the Lower Peninsula, it will also make itself felt in inland towns such as ours at a less degree. The bridge, on the other hand, will definitely have its effect on Grayling and our county.

As to the formation of such a committee, we feel that we could do far worse than to follow the lead of the area committee and name members from the fields of finance, transportation, education, recreation, agriculture, industry, land use and public relations. — R. W. S.

### Remember Those Hats?

It has been observed that the possibility of soaking the rich to pay the cost of government went out with prohibition and Empress Eugenie hats.

If the Federal Government took every nickel of individual taxable income above \$10,000 a year, the amount collected wouldn't pay its bills for one month. If it took all taxable income above \$4,000, it would get only a fifth of what it is spending each year.

We just haven't got enough rich or middle income people to soak, and those we have are soaked to the hilt already. So the lower incomes must carry a great part of the burden.

### The Greeks Didn't Even Have a Word For It—

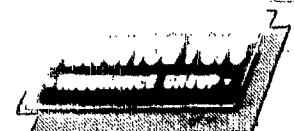

Nor did the Romans. It was many centuries later that insurance, as we know it today, came into being.

Like so many good things of this day and age, we take insurance and the protection it provides, for granted.

To many, an insurance policy is just a piece of paper, to be tucked away in a desk drawer and forgotten until something happens.

If something does happen, we suddenly realize that this piece of paper may save us from ruin.

That is why it is important to buy your insurance through an experienced agent who represents strong and long established companies.

Our long continued draught was greatly broken Thursday afternoon when two inches and one-half of water fell in an hour accompanied by a strong wind and a magnificent display of lightning and rolling thunder. Two more inches came in the evening so we think the atmosphere is well cleared and the parched earth given plenty to drink.

### It's the 4-Door Riviera— the stunning new hit of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whole of a lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

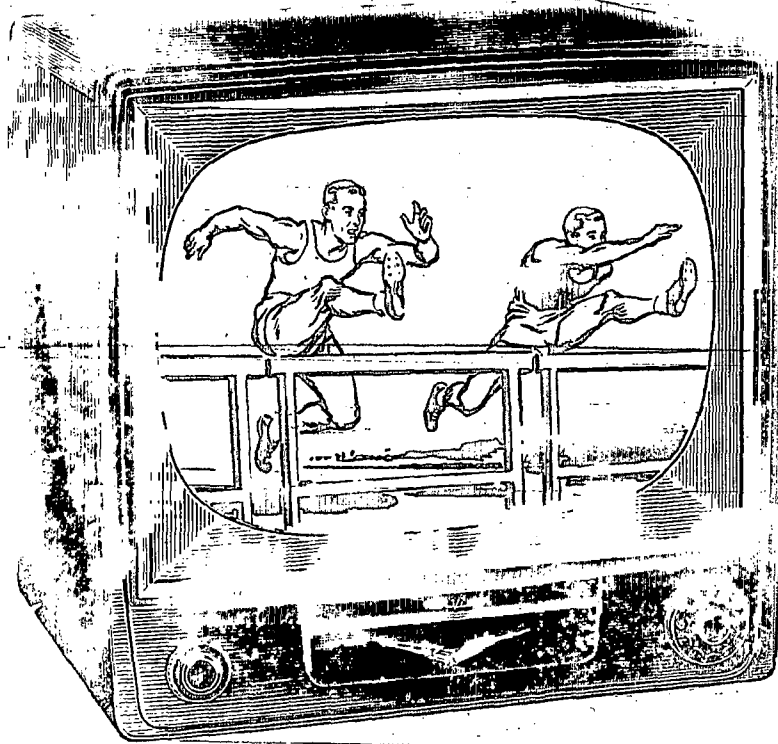

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflo.\*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

From where I sit... by Joe Marsh  
**Modern Science Finally  
Catches Up With Grandpa**  
I got put in my place the other  
night. Deserved it, too. My father-  
in-law said we were due for bad  
weather. "Birds are flying low," he  
reported. "That means a storm."  
I started to josh with the old  
man about being supersti-  
tious. Then my nephew Jim, on  
vacation from college, pipes up.  
"Grandpa's right," he says.  
I asked that's what they say  
about it. Jim goes on. "The  
birds are you get before a storm  
come down low - so high-  
flying birds have to swoop along  
low and if they want to eat."

**214 Crawford County  
People Draw Social  
Security Payments**  
Social security benefits amount-  
ing \$10,160 were paid to 214 per-  
sons in Crawford county during  
the month of December 1954, the  
last month for which complete  
figures are available, according to  
William E. LaRock, manager of  
the Traverse City district office of  
the Social Security administration.  
This is an increase of about 36  
per cent over Dec. 1953, when  
181 persons were paid \$7,450.  
Only monthly benefits actually  
paid are represented by the fig-  
ures, Mr. LaRock said. Lump-  
sum death benefits and monthly  
benefits which were suspended  
because beneficiaries had earn-  
ings in excess of permitted amounts  
are not included.  
A total of \$7,046 was paid to 124  
retired workers; the balance was  
paid to the families of retired  
workers and eligible relatives of  
workers who have died. The av-  
erage payment to retired workers  
in the 15 counties served by the  
Traverse City district office was  
\$54.88, Mr. LaRock said. The av-  
erage payment to the families of  
workers was \$59.14, Mr. LaRock  
stated.  
A continuing increase is antici-  
pated due to additional persons  
being qualified, but even without  
a substantial increase, benefits  
paid in 1955 will exceed \$120,000,  
Mr. LaRock estimated. The tax-  
ation of Social Security payments  
which permits benefit payments to  
be made to qualified workers  
over age 72 regardless of the amount  
of their earnings, and also  
permitting a beneficiary to earn  
up to \$1200 in a year without in-  
gaining any of his monthly benefits,  
is expected to have a substantial  
effect on the amount of social  
security benefits that will be paid  
this year.
